

## HIGH-DENSITY RETAIL FASHION STORAGE SYSTEMS SPACE SAVING SOLUTIONS

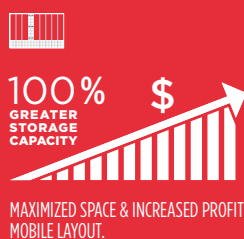

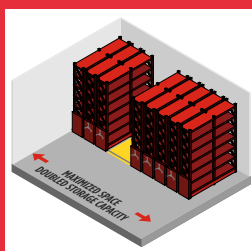

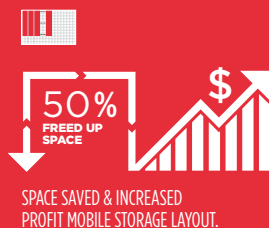

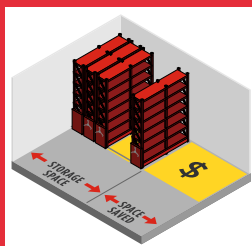

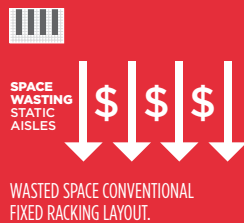

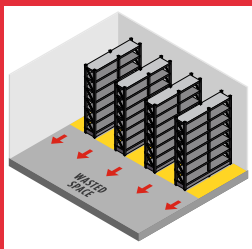

# WHY MONTEL? OUR OFFER IS COMPLETE

Pioneer of high-density mobile shelving storage system solutions in North America, Montel has installed thousands of fixed and mobile systems over its years of existence.

Montel offers turnkey space saving storage solutions including best-in-class manual, mechanical-assist and powered mobile carriages designed for various loads, 4-post hybrid shelving including a large selection of accessories, cantilever shelving, case-type shelving, high-bay shelving, wide span racking, light-duty and heavy-duty drawers, light-duty and heavy-duty cabinets, mobile drawer cabinets, museum cabinets, art racks, workbenches, workstations, pull-out and mobile hanging storage screens and panels.

## THE CONCEPT OPTIMIZE YOUR STORAGE SPACE

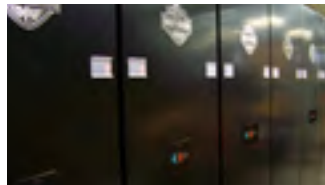

**MONTEL HIGH-DENSITY STORAGE SYSTEMS MAXIMIZE THE USE OF AVAILABLE SPACE, WHETHER TO INCREASE STORAGE CAPACITY, FREE UP ROOM FOR PRODUCTION OR OTHER USES, OR GET RID OF SPACE YOU DO NOT NEED TO PAY FOR.**

# BETTER ORGANIZE YOUR SKUs

SMARTSPACE 2M FOOT LATCH SAFETY FOR MANUAL MOBILE STORAGE SYSTEM

# STORAGE SOLUTIONS

## GROW FROM THE INSIDE, OPTIMIZE AND GET RESULTS

A comprehensive lineup of best-in-class high-density storage solutions that are precision-engineered to deliver lasting high-capacity storage.

## ELIMINATE THE NEED FOR MULTIPLE SPACE-WASTING STATIC AISLES. HERE IS HOW:

1. Static units are mounted on mobile carriages.
2. Mobile carriages travel on tracks.
3. Use the handle to move the manual systems or turn the 3-spoke SafeCrank handle for mechanical-assist systems or push a button on the powered system control to open the desired aisle.

## MOBILE STORAGE SYSTEMS

Recover up to 50% of your floor space or double your storage capacity with the Quadral, SmartSpace, Mobilex® and the SafeAisle® mobile storage systems.

### QUADRAL MODULAR SLIDING LATERAL STORAGE

Push and slide lateral mobile system.

### SMARTSPACE 2M, 2MA, 2P, MANUAL, MECHANICAL-ASSIST, POWERED

A light-duty mobile system which can withstand 750 lb per linear foot (103.7 kg/m) and has a maximum carriage length of 24 feet (7.3 m).

### SMARTSPACE PLUS, 2M, 2MA, 2P, MANUAL, MECHANICAL-ASSIST, POWERED

SMARTSPACE PLUS has the same characteristics as SMARTSPACE and is provided with a modular floor expandable in all four directions.

### MOBILEX® MECHANICAL-ASSIST STORAGE SYSTEM

This medium-duty mechanical-assist mobile system can withstand 1,000 lb per linear foot of carriage (138.3 kg/m) and has a maximum carriage length of 45 feet (13.7 m) long.

### SAFEAISLE® POWERED MOBILE STORAGE SYSTEM

Same maximum load capacity as Mobilex® but with a maximum carriage length of 60 feet (18.3 m). The optional and patented *Aisle LED Guard* guarantees complete safety coverage throughout the aisle protecting users and sports equipment.

# SHELVING SYSTEMS

Montel's shelving storage systems are the most versatile in the industry since the shelves, drawers, and accessories are interchangeable between each product line.

## SMARTSHELF® 4-POST HYBRID SHELVING

Make your shelving a perfect fit for a broad array of items with Montel's one-shelf-fits-all 4-post patented hybrid system (Patent # 6,814,245).

## CABINET STYLE CASE-TYPE SHELVING

Refine your storage with Montel's case-type shelving compatible with Montel's mobile storage systems.

## GONDOLA SHELVING

Available either as stationary shelving units or mounted on top of Montel's mobile systems. Masonite or steel pegboard center panels are mounted in between Gondola cantilever shelving frames to store lighter items.\*

## 4D-500, 4D-1000, 4D-1500 WIDE SPAN RACKING

Ideal for bulk and heavy-duty storage with Montel's long span 4-post racking system. The maximum load capacity per tier is either 500 lb (227 kg), 1,000 lb (454 kg) or 1,500 lb (650 kg).

SMARTSHELF® 4-POST SHELVING SYSTEM

# OTHER STORAGE SOLUTIONS

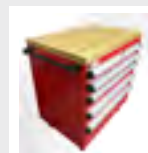

Montel's storage solutions offer infinite ways to store perfectly all shapes and sizes of your objects.

## CABINETS

### HEAVY-DUTY MOBILE DRAWER CABINETS

Shown with optional stainless steel countertop

### HEAVY-DUTY MOBILE DRAWER CABINETS

Shown with optional hardwood countertop

### LIGHT-DUTY DRAWER CABINETS

### HEAVY-DUTY DRAWER CABINETS

Shown with steel countertop and optional forklift base

### LIGHT-DUTY STORAGE CABINETS HINGED DOORS

## INDUSTRIAL MODULAR DRAWERS DESIGNED FOR SMARTSHELF®

## HANGING STORAGE UNIVERSAL CROSSBARS WITH HANGING RODS

## WORKBENCHES

## HANGING STORAGE SCREENS

\* Note: Aethastak gondola shelving could be mounted on SmartSpace 2M, ZMA, 2P for light-duty applications only and must be validated by the factory as for limitations (height vs. # of gussets vs. # of shelving sections in length).

# MOBILIZE YOUR SHELVING SYSTEM!

SAFECRANK  
MECHANICAL-ASSIST  
HANDLES

## MODES OF OPERATION

Choose from a wide selection of handles or controllers to operate your mobile system.

### MANUAL MOBILE STORAGE SYSTEMS HANDLE

Move the mobile system manually with the system handle.

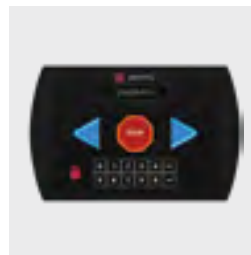

### POWERED MOBILE STORAGE SYSTEMS CONTROL

Operate the mobile system with 3 buttons and view system status on the digit screen.

### SAFECRANK MECHANICAL-ASSIST STORAGE SYSTEMS SMALL HANDLE

SafeCrank ergonomic mechanical-assist handles operate easily and smoothly. Simply pressing the aisle safety push-button at the center of the handle locks the system in position. Available in black. Ideal for carriages less than 20" wide (508 mm).

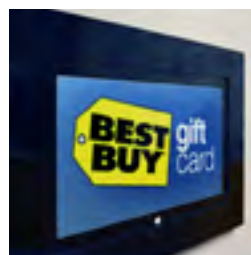

### POWERED MOBILE STORAGE SYSTEMS CONTROL WITH PIN FOR RESTRICTED ACCESS

Operate the mobile system with 3 buttons and view system status on the digit screen. PIN access for restricted areas.

### SAFECRANK MECHANICAL-ASSIST STORAGE SYSTEMS LARGE HANDLE

SafeCrank ergonomic mechanical-assist handles operate easily. Move multiple mobile shelving units at once without effort. Simply pressing the aisle safety push-button locks the system in position. Available in 3 colors: black, red and white.

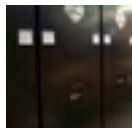

### POWERED MOBILE STORAGE SYSTEMS LCD TABLET CONTROL WITH OR WITHOUT PIN

Operate the mobile system with 3 buttons and view system status on the LCD screen. PIN access for restricted areas. Limitless customized displays.

# GET MORE VERTICAL & HORIZONTAL SPACE WITH SMARTSHELF®

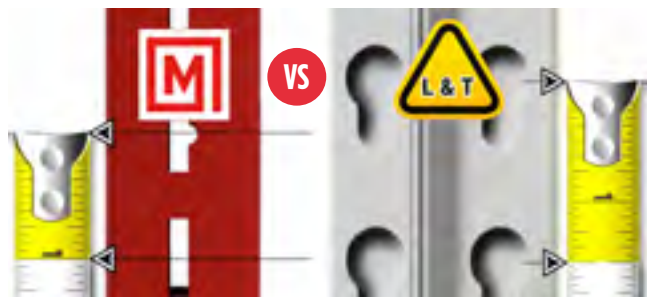

PATENT # 6,814,245

## TAKE SPACE EFFICIENCY TO A NEW LEVEL | MAXIMIZE YOUR STORAGE | OPTIMIZE YOUR SPACE

Our continuous quest for space optimization has led us to develop SmartShelf®, a shelving system that exceeds industry standards.

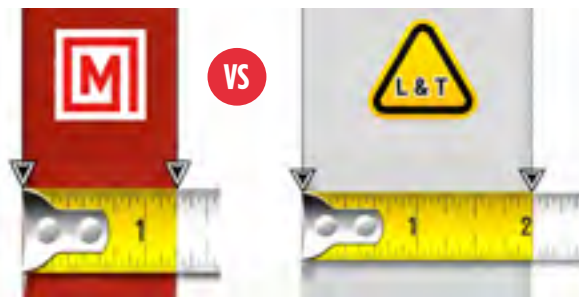

### MORE STORAGE VERTICALLY ADJUSTABLE SHELVES IN 1" (25.4 MM) INCREMENTS

**1"**  
SMARTSHELF® HYBRID SHELVING  
SYSTEM WITH HOOKS

**1 1/2"**  
L&T COMMODITY SHELVING

### MORE STORAGE HORIZONTALLY 3/4" (19 MM) MORE USABLE STORAGE PER SHELF

**1 1/4"**  
SMARTSHELF® HYBRID SHELVING

**2"**  
L&T COMMODITY SHELVING

## DO THE SMARTSHELF® MATH

100 SECTIONS OF 97" (246.38 CM) HIGH  
WITH 8 TIERS OF BACK-TO-BACK SHELVING  
UNITS WOULD REPRESENT:

**NOTE:** WHAT ABOUT THE ADDITIONAL STORAGE VERTICALLY DUE  
TO THE 1" INCREMENTS VS. L&T AT 1 1/2" INCREMENTS.  
ADD THESE EXTRA LINEAR INCHES TO YOUR TOTAL.

8 TIERS  
X 2 BACK-TO-BACK SHELVING UNITS  
X 3/4" (19 MM) MORE STORAGE PER SHELF  
= 12" (30.48 CM) MORE USABLE STORAGE PER SHELVING UNIT  
X 100 SECTIONS

**= 1,200" (30.48 M) ADDITIONAL LINEAR INCHES  
OF STORAGE WITH SMARTSHELF® VS. L&T**

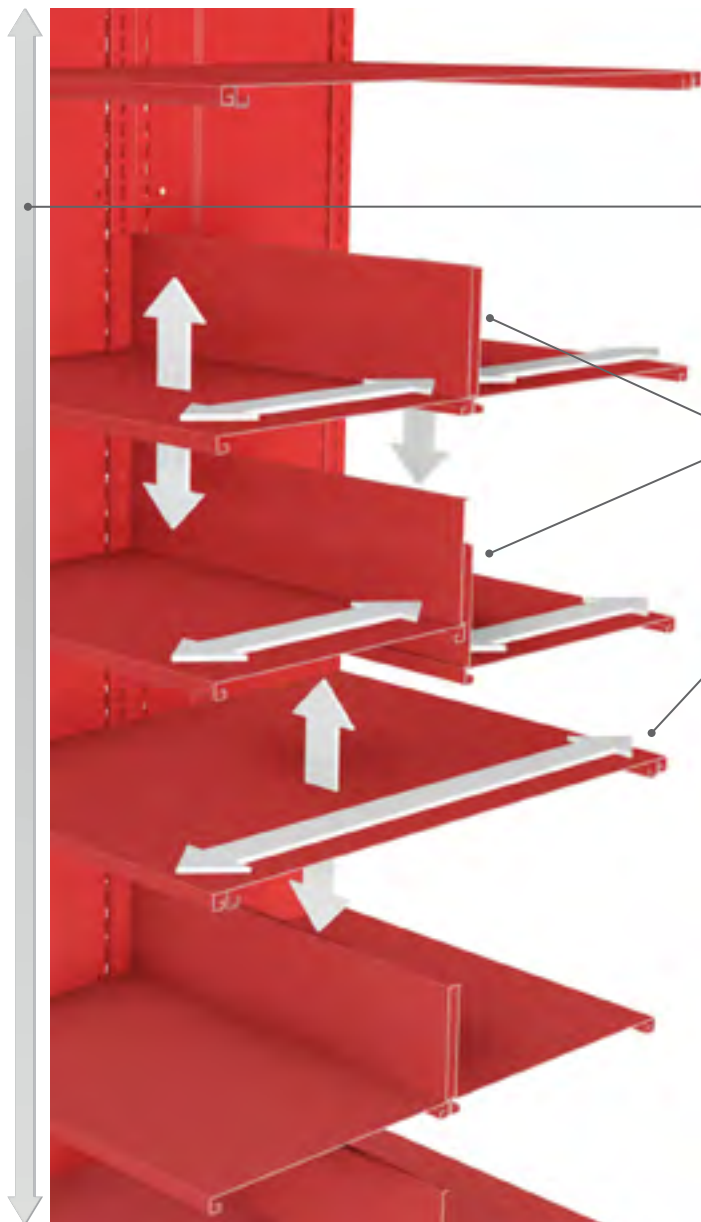

# COMBINED FLEXIBILITY TO STORE VIRTUALLY ANYTHING

## EVERYTHING IS NOW POSSIBLE WITH SMARTSHELF® TAKE SPACE EFFICIENCY TO A NEW LEVEL

SMART **SHELF**®

PATENT # 6,814,245

Montel has designed the most versatile storage shelving system. You can store virtually anything without wasting any storage space with SmartShelf® as you can configure and reconfigure your shelving units to fit all shapes and sizes of your objects. You can reconfigure it anytime according to your changing storage needs and available space.

### FROM ONE TIER TO THE NEXT

SmartShelf® is the only storage system that can be configured with back-to-back or double face full depth shelves, or any combination of both.

### BACK-TO-BACK SHELVES

The shelf system is independently adjustable on both sides for many storage possibilities. Easy to assemble and reconfigure.

### DOUBLE FACE FULL DEPTH SHELVES

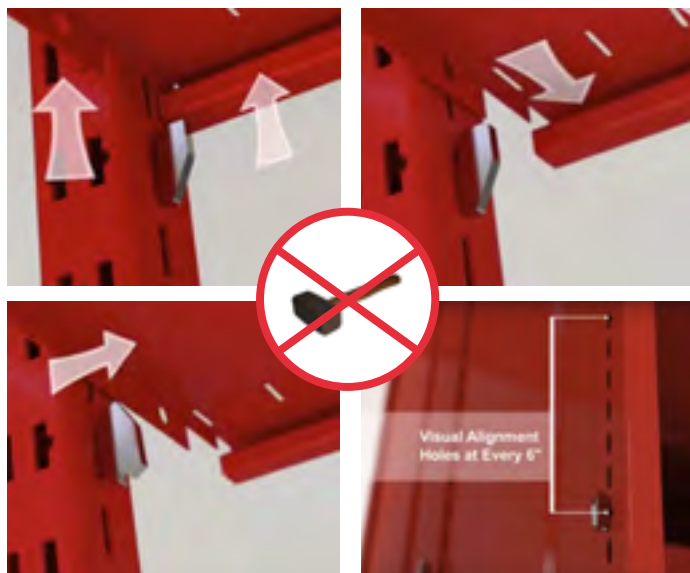

For storing large objects of various lengths, shapes and sizes.

### AESTHETICS

- No rivets, screws or bolts are used. The shelves, centerstops and backstops fit snugly to the posts, providing a neat and attractive finish. A wide variety of colors is available.
- Optional end panels are available in laminates, wood veneers, and acrylic for an attractive look.
- Adjustable threaded leveling feet are supplied for more stability on uneven floor surfaces.
- Powder-coat paint finishes are extremely durable, preventing marks, scratches and chips while providing a very nice finish.

# EASY TO ADJUST A SHELF

## SAVE SPACE | SAVE TIME | SAVE MONEY

### SHELVING SYSTEM WITH HOOKS: EASY TO RECONFIGURE & NO TOOLS REQUIRED

The SmartShelf® exclusive hook shelf support system provides the quickest and greatest ease of assembly, disassembly, and reassembly.

No tools, hammers or mallets needed to install, remove, or reconfigure shelves as necessary with industry typical shelf support systems.

The shelves can be conveniently put in or taken out without adjusting, tilting, or removing the shelves above or below since the box-formed posts do not impede the front of the shelf. The slide-in & slide-out capability truly reduces the time and effort to reconfigure the shelves, as there is no handling of the various shelf components.

Additionally stored objects are protected from disruption on the adjacent shelves below.

### STORE MORE IN LESS SPACE

#### ADDITIONAL LINEAR STORAGE CAPACITY OF 3/4" (19.5 MM) PER SHELF

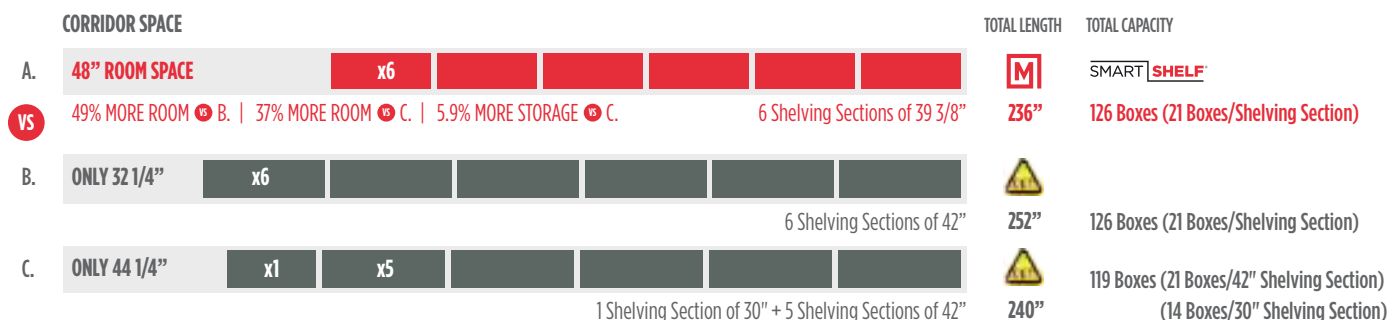

Provides more actual usable storage space since the box-formed post does not impede the front of the shelves as found on other systems.

#### AVAILABLE IN 39 3/8" (1 METER) WIDE SECTIONS

For storing 3 archival boxes perfectly without wasting any storage space (provided each box is maximum 12 1/2" (31.7 cm) wide).

Provides much greater overall capacity compared to other shelving systems that are usually only available in 36" (91.44 cm) or 42" (1.07 m) wide sections thus not optimizing space.

### MAKES SHELVING RUNS SHORTER SO YOU CAN STORE MORE IN LESS SPACE

NOTE: ILLUSTRATIONS ABOVE REPRESENT 7 TIERS OF SHELVING.

# DESIGN FEATURES

SMART **SHELF**®

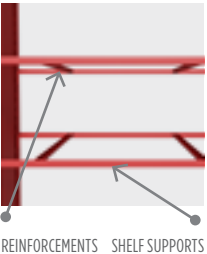

## FOUR ROLL-FORMED SHELF FOLDS

- The fourth fold reduces the risk of injury, protects documents or objects, and makes the shelves sturdier
- The 3/4" (19.5 mm) shelves are made of 20" (0.91 mm) or 18" (1.21 mm) gauge steel
- The 1" (25.4 mm) shelves are made of 18-gauge steel

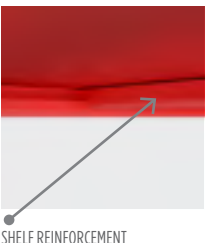

## SHELF HOOKS

SmartShelf® is very easy to assemble when using hooks. No tools and no shelving unit disassembly required to reconfigure the shelves

## SHELF SUPPORTS (OPTIONAL)

These supports are available in 3/4" (19.5 mm) or 1 1/4" (31.75 mm) height, according to the application and required load, and adjustable on 1 1/2" (38 mm) increments. They are made of 12-gauge (2.66 mm) steel. Safely supports the shelves and allow for the addition of reinforcements. Increases rigidity

## SHELF REINFORCEMENTS (OPTIONAL)

Shelf reinforcements are inserted in the longitudinal supports. The number of supports depends on the width of the shelves and the weight of the items to be stored

## CLOSURE PANELS OR END DIVIDERS (OPTIONAL)

Closure panels extend into the shelf area. Prevent stored objects from falling behind the closed-post upright. End dividers provided with slotted shelves are a more economical alternative.

## CLOSED-POST

- 16-gauge (1.52 mm) steel posts. Increases rigidity
- Posts form a 1 1/4" (31.75 mm) x 1 1/2" (38 mm) closed tube providing 3/4" (19 mm) more usable clear storage space per shelf than the industry standard 2" (50.8 mm) wide post
- Posts are perforated at every 1" (25.4 mm) on the sides to accommodate back-to-back shelf hooks and at every 1 1/2" (38 mm) at the back to accommodate double face full depth shelf supports
- Visual alignment holes at every 6" (152.4 mm) to facilitate shelf adjustment
- Smooth finished appearance since no holes or fasteners are exposed on the front face of the upright posts

## UNIT-WELDED UPRIGHT TIE-BARS

- The posts are joined by 2 (or more if required) upright tie-bars to form a rectangular frame
- In compliance with seismic requirements
- The upright tie-bars are made of 16-gauge steel (1.52 mm). Ensures solidity and rigidity

## INTEGRATED LEVELERS

Unlike shims, integrated levelers ensure accuracy, stability and a safe working environment on uneven floors.

## BEST-IN-CLASS SHELVING TO MOBILE CARRIAGE ATTACHMENT

Designed with a bottom welded fastening channel for a secure bolted attachment onto the internal C-Channel carriage assembly. The carriages fronts are clear of any visible fastening hardware as seen with other systems.

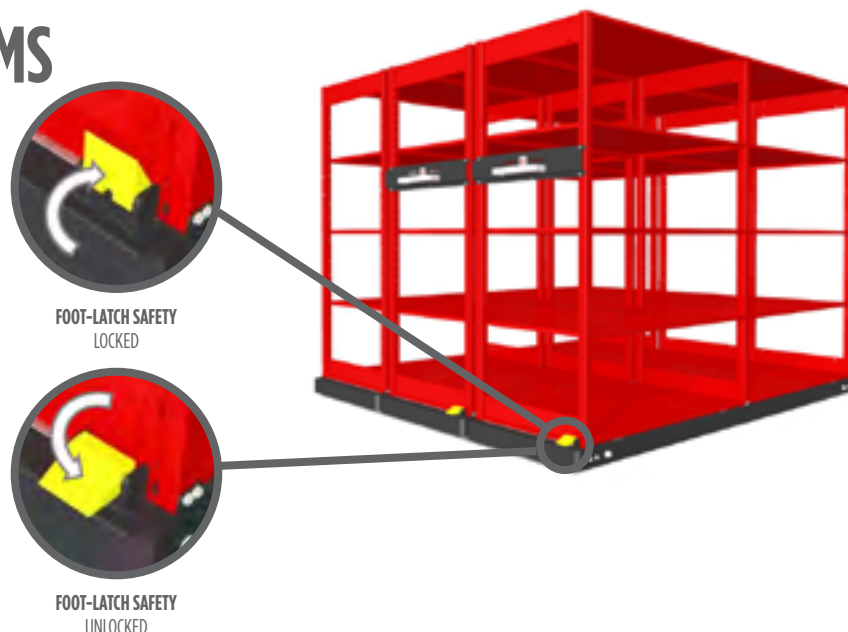

## SAFETY

# MANUAL MOBILE STORAGE SYSTEMS SMARTSPACE 2M

### OPTIONAL SAFETY

#### FOOT LATCH SAFETY

Montel's foot-latch safety for manual SmartSpace mobile storage systems is the ideal option to prevent the mobile storage system from moving. Engaging the foot-latch safety before entering an aisle prevents other users from operating a system already in use.

## SAFETIES

# MECHANICAL-ASSIST MOBILE STORAGE SYSTEMS

## SMARTSPACE 2MA | MOBILEX® | RACK&ROLL 16MA

### STANDARD SAFETY

#### SAFECRANK AISLE SAFETY PUSH-BUTTON

UNLOCKED

PUSH TO LOCK OR UNLOCK

LOCKED

To operate the system, rotate the SafeCrank handle clockwise or counterclockwise. To lock or unlock the SafeCrank handle, simply press the aisle safety push-button located at the center of the handle. A locked handle prevents the corresponding mobile unit from moving. Mobile units on both sides of an aisle in use must be locked to ensure user safety.

### OPTIONAL SAFETY | MOBILEX®

#### GRAVITY-FED MECHANICAL SAFETY BRAKE

(US PATENT # 7,645,000 / CANADA PATENT # 2,545,090)

Montel's patented mechanical safety brake ensures complete protection for users and objects. The toe-level bar, when pressed, will automatically stop the carriage. Only a light pressure is needed for the bar to activate the mechanism.

## CASE STUDY

# ASICS STORE ON 5<sup>TH</sup> AVENUE IN NEW YORK CITY

ASICS' FIRST FLAGSHIP RETAIL LOCATION ON FIFTH AVENUE IN NYC  
SELECTS MONTEL FOR THE ROI AND PRODUCT QUALITY

SMARTSPACE 2M AND SMARTSPACE 2MA  
WITH SMARTSHELF® 4-POST HYBRID SHELVING SYSTEM

NEW YORK CITY, NEW YORK, USA

“ The SmartSpace 2MA mobile storage system fuses performance and fashion in true Manhattan style for our first ASICS flagship retail location on Fifth Avenue. The Montel product quality is not expensive, it's priceless. ”

## CHALLENGES

Big Apple plus big business equals big expenses. A single square foot of retail space in New York City can run store owners hundreds of dollars, even thousands - and more if these businesses don't know how to be economical with their space. So expensive commercial real estate becomes a trade-off for some of the best foot traffic in the world. But ASICS learned it doesn't have to be. This internationally recognized leader in running shoes and activewear recently commissioned a mobile shelving installation for its flagship location on Fifth Avenue in downtown NYC. Instead of paying incredible sums to house its enormous inventory, ASICS is already seeing a return on its investment in a high-density mobile storage system versatile enough to shrink the footprint of its inventory's while maximizing capacity.

## SOLUTIONS

Montel built ASICS NYC both manual and mechanical-assist mobile storage systems, both with SmartShelf® technology, which combines feather-touch maneuvering and sturdy construction with an easily adjustable frame. Furthermore, Montel worked alongside ASICS interior designers to craft a storage system with stainless steel end panels that blend with the modern and sophisticated look of the whole store.

## PRODUCT FEATURES

For its main floor and back inventory, ASICS commissioned two SmartSpace 2MAs. Each of its unit in both installations comes equipped with an ergonomic SafeCrank handles with push-button locks. Just one pound of pressure can move one or multiple entire aisles of athletic wear. An additional SmartSpace 2M provides additional coverage for overflow inventory. Engineered to support tons of inventory, SmartShelf® shelving for the SmartSpace 2M and 2MA were customized with adjustable hardware and hanging clothing racks. Any ASICS employee can raise or lower the shelves to accommodate different sized boxes of products without tools or the aid of a professional.

## BENEFITS

Every inch counts when you're paying top dollar for retail space. With high-density mobile storage at key locations, ASICS drastically cut back its storage needs without compromising on quantity and customer service.

# WE BUILD SATISFACTION

Since 1924, Montel has pioneered high density mobile storage systems providing cost-efficient storage solutions using less space.

**CUSTOM-BUILT FOR YOUR INDUSTRY**
